

Details for General Studies (Multi-Disciplinary and University Studies Grads)—Ford Center, May 11, 2024

Check-in begins at 10:00 a.m. All grads must check in ***no later than 10:45.***

Graduates should enter the building through the loading dock at the rear of the building. The check-in tables with extra reader cards and honor cords for those who did not pick theirs up earlier will be right there when you enter the building.

The loading dock entrance has 5 steps to climb, and there is no ramp. For students needing an alternate entrance, enter the building through the main doors at the drop-off circle. A staff member can then direct you back to the hallway leading to the loading dock check-in.

All graduates will be seated on the stage for the ceremony. Staff will seat you on stage after you check in. There is no student processional. You will stand when Pomp and Circumstance begins to play and Dean Ammeter will seat you when he comes to the podium.

When your row is brought forward for presentation of diploma covers, you must bring your reader card and present it to the reader at the podium. We do not read from a program.

A photographer will take your picture with Dean Ammeter and then there will be another photo taken in front of a backdrop before you return to your seat on stage.

Note: Grads will exit the building the same way you entered and meet your family out front.
